HOMECOMING last weekend was followed by a dance at the Youth Center and the youngsters really packed the dance floor. In fact it was one of the largest crowds the Center has attracted. The above view shows less than one half of the number present.

## Weather in Most of U. S. Is Unsettled

By The Associated Press

Showery, cloudy and generally mild weather was the outlook for most of the country today.

Warming occurred in most of the nation the past 24 hours, with biggest temperature rises in New England and in parts of the North and Central Plains. Temperatures were mostly in the 30s along the Eastern seaboard and in the States bordering the Gulf of Mexico. In the Southwest desert region and in most of California.

Cooler region was the Upper Mississippi Valley and the Lake Superior district, with temperatures in the 30s and low 40s. Slight cooling was reported along the North Pacific Coast, with readings in the 40s; about 10 degrees lower than yesterday morning. Showers accompanied the cooler air into the desert region and southern California, with widely scattered showers.

Skies were generally cloudy, with many areas of precipitation, east of the Mississippi River. The major wet belt extended over the eastern Great Lakes region and southward through northern Georgia. However, rainfall amounts were mostly light. Little change was indicated during the day.

## Work Among Indians Told to Kiwanians

Missionary work among the Navaho-Indians of Arizona and New Mexico was discussed before Hope Kiwanis club by Rev. L. T. Lawrence, pastor of First Presbyterian church.

Rev. Lawrence related personal experiences among the Indian tribes during his assignment there several years ago, and pointed specifically to the 106 superstitious of the Indians.

Other matters before the club included: The sale of 300 Christmas trees which has been turned over to the special events committee; adoption of a motion to lend financial aid to the Girl Scouts of Hope for the repair of their scout hut; voted to enter a float in the chamber of commerce Christmas parade; voted to donate \$55 toward dues of Key Club members.

Guests of the club, Judge James H. Pilkinton of Hope, Holly Flowers of Ashdown, and Randy Reynolds of Little Rock.

## C. S. Lowthorp, 84, Dies Today in Local Hospital

C. S. Lowthorp, aged 84, a resident of Hope for the past 50 years, died in a local hospital today. He was a member of the Christian Church.

Survivors include three sons, Charles of Dallas, Joe of Murfreesboro and Frank of Louisville; two daughters, Mrs. Emily Trent of Odessa, Texas and Mrs. H. H. Blencoe of Birmingham, Ala. Funeral arrangements will be announced by Herndon-Cornelius.

## Young Mother Dies of Asphyxiation

FORTSMITH, Mo. — Mrs. David Bates, 18, died of asphyxiation after she was found yesterday in a room where a gas stove was burning.

Bates discovered his unconscious wife and 18-month-old son when he arrived home from his job in a box factory. He said Mrs. Bates was alive when he reached her but she was dead on arrival at a Fort Smith hospital. Attendents said the child's condition was serious.

Coroner William Polk ruled the death was due to accidental asphyxiation. He said apparently the young mother fell asleep without noticing that a gas stove was turned up high.

## Officials Hope to Keep Within U. S. Budget

By G. K. HODENFIELD

WASHINGTON (AP)—Treasury officials said today that, barring some unforeseen emergency—national or international—they have every hope and intention of staying within the 275-billion-dollar limit on the national debt.

And they emphasized they don't expect any congressional drive for increased defense spending to alter that plan.

The officials concede they're skirting on thin financial ice, and they acknowledge the ice is going to get thinner in the coming months. The debt right now is about 900 million dollars short of the ceiling imposed by Congress—not much of a margin for a time of year when government spending traditionally outruns tax collections by a considerable amount.

"The Treasury's problem is seeing that the spending doesn't dig too deeply into its four-billion-dollar cash reserve, require more borrowing, and force the debt up to the limit."

Treasury projections indicate the debt will climb to within one or two hundred million dollars of the limit before corporation tax payments next spring start to take the heat off.

Even then they won't be out of the woods if there is an unexpected drain on the government's funds.

## Wonders Why Anybody Likes Living in N.Y.

By HAL BOYLE

NEW YORK (AP)—The question a New Yorker gets asked most often is, "Why, in heaven's name, do you want to live here?"

Since most New Yorkers seem to come from out of town, they sometimes ask themselves the same question.

They have to agree that most of the stock criticisms made by visitors are true.

"It's just too crowded, noisy and dirty. Everybody is in a hurry to get nowhere. It makes me tired just to watch the pace at which people go here. They don't even have time to be polite."

Yet few visitors, if truth be told, deny they have a wonderful time while they are here. A British vis-

## Teamsters to Decide Course After Ouster

By NORMAN WALKER

WASHINGTON (AP)—Teamsters Union chiefs gathered today to decide a course in view of the AFL-CIO suspension order, and cleanup ultimatum plus the continuing court challenge to teamsters leadership.

There was no advance indication of what Teamsters' president, James R. Hoffa, and his executive board might do in face of the union's mounting problems.

But there were reports consideration was being given to calling a new union convention to combat the opposition to Hoffa and the circumstances of his election earlier this month as successor to retiring Teamsters President Dave Beck.

Teamsters attorneys prepared to go before the U. S. Court of Appeals this morning in an effort to upset the injunction by which Federal Dist. Judge F. Dickinson Letts has prevented the 44-year-old Hoffa from taking over the Teamsters' helm.

Letts found that Hoffa and other Teamsters bosses had promoted or tolerated the seating of improperly chosen delegates at the recent Teamsters convention at Miami Beach, Fla., to assure the election of Hoffa.

## Garland Students See Film of Historical Points

Students of the 4th and 5th grades of Garland school saw a film of a vacation trip through Southern States and Washington, D.C. Tuesday at a special program.

The movie, shown by Judge James R. Pilkinton, pictured famous schools and universities and historical shrines in the nation's capital. Highlight of the film to the children were scenes at Jamestown and Williamsburg, Va. The scenes included replicas of ships which brought the first English settlers to America—the Susan Constant, The God Speed and the Discovery.

The film, along with Judge Pilkinton's lecture, proved very interesting to the 4th and 5th grades and special groups.

## Final Rites Friday for Mrs. Lee

Funeral services for Mrs. Bobbie Nell Lee, 70, who died Wednesday at Prescott, will be held at 2 p.m. Friday at Sweet Home. Burial will be at Sweet Home by Herndon-Cornelius.

Survivors include three sons, James S. of Benton, Guy of Bethany, Okla., John of Bell, Calif.; three daughters, Mrs. Ruth Neiven of Prescott, R. I., Mrs. Luff Allen of Elkins and Mrs. Ivory Moses of Japan; two sisters, Mrs. Lee Brown of Los Angeles, Calif., and Mrs. John Collins of Prescott, R. ## Non-Strikers Are Carrying Guns at Lone Star

By JERRY MARTIN

DAINGERFIELD, Tex. (AP)—Non-strikers carried arms to aid from the Lone Star Steel Co. plant near here today after an explosion shook a nearby area last night. The blast was the latest incident in a series of outbreaks of violence.

The 40-day-old strike has left the area jittery and a small army of police officers is keeping a tenuous peace.

"I'm toting a pistol," said James Landers, 24, a 127-pound machine operator savagely beaten yesterday by six burly men he identified as strikers. Arrests were expected momentarily.

"We never had a gun checked before this started," said L. D. Webster of Dallas, vice president of Lone Star Steel, as he admired an ancient cap and ball pistol bearing five notches. The 14-inch weapon was checked at the gate by a plant worker.

Cut-throat guards displayed a arsenal they were keeping for workers who carried them in their cars.

Texas law is a bit ambitious about carrying weapons and officers here have not argued the matter.

Morris County, Dist. Atty. Harry Williams said, "Authorities must presume that violence stems from the strike. I am going to prosecute anyone who violates the law, whether he is a striker or not."

## Rail Workers Expected to Talk Strike

CHICAGO (AP)—Officials of 15 non-operating railroad unions at a meeting today were expected to set a strike date for some 50,000 employees against the Santa Fe Railway.

The unions and Santa Fe have failed to reach an agreement on the brotherhoods' demand for a union shop.

The issue of a union shop, under which a newly-hired employee agrees to join a union after a specified period of time, has been included in demands of the non-operating groups for more than six years.

Santa Fe's latest turndown of the demand was issued in negotiations a month ago. The railroad at that time charged the union shop contract would require its employees to contribute union dues which could be used for political purposes.

The Santa Fe is one of the nation's few remaining major railroads not operating under a complete union shop agreement. Some 50,000 employees, most of them clerks, telegraphers, stenographers and office workers, are represented by the nonoperating unions.

## Special World Community Day Program

The United Church Women of Hope will observe World Community Day with a special program to be held on Friday, Nov. 1, at 2 o'clock p.m.

This is an annual observance and the place of the meeting is related among the churches of the city. This year's meeting will be held in the chapel of the First Presbyterian Church, Mrs. B. W. Edwards, president of the local organization.

The program will include several musical numbers by the Junior Choir of the host church, directed by Mrs. R. L. Gosnell. Susie Booth and Tena Pilkinton will sing a duet.

All church women of the city are invited to attend and are urged to bring a gift offering of some type of clothing, house hold linens, yardage or denim for work clothes, blankets or other items of use.

## Philippine Film Star Is Candidate

MANILA (AP)—If you can picture Robert Mitchell or Cary Grant running for the U. S. Senate, you'll get an idea of what's going on in the Philippine election campaign.

Rogelio de la Rosa is a Filipino movie star who looks like a Latin. He is a handsome, well-built, and has a suave, dignified air. And the 6-foot-2 actor is rated a good prospect for the Philippine Senate. The election is Nov. 12.

## Texarkana Man Seriously Hurt

TEXARKANA (UP)—A 36-year-old Texarkana, Ark., detective was seriously injured yesterday when a half-ton spool of cable fell on him as he stood at a downtown intersection.

M. L. Woodruff was standing beside his car when the drum of cable toppled from a truck and pinned him against the car.

Hospital attendants said Woodruff had a ship fracture and possible internal injuries.

## Ike Risking a Black Eye in New Jersey

By JACK BELL

WASHINGTON (AP)—President Eisenhower may be risking a political black eye in his enthusiastic endorsement of Republican Malcolm Forbes in the New Jersey governorship race.

On the other hand, Eisenhower's plug for Forbes in a contest some Republicans regard as a long-shot gamble may be of more significance to the GOP in the 1958 battle for control of Congress than what happens at the polls in New Jersey.

Forbes is running against Democratic Gov. Robert B. Meyner. If Forbes wins next Tuesday, it would provide—as Eisenhower told his news conference yesterday—a great big shot in the arm for Republicans.

If Forbes loses, Eisenhower will have put himself into a situation many will regard as confirmation of reports his own political popularity is slipping noticeably.

At his news conference, Eisenhower was asked only about the Forbes-Meyner race. But press secretary James C. Hagerty said later the President hopes for a victory by Republican Ted Dalton over Democrat J. Lindsay Almond for governor of Virginia.

## Giant B-36 Bomber Is Bowing Out

FORT WORTH, Tex. (AP)—The giant B36, pride of the Air Force until the advent of swift jet bombers, is bowing out proudly in its final compulsory exercise with the Strategic Air Command.

With three major cities theoretically wiped out already by mock raids, B36 crews held the lead today in initial scores posted by SAC simulators for heavy bombers. The simulated attacks started yesterday on Kansas City, St. Louis and Atlanta. Radar beams represent the bombs which rain down. If this were the real thing, Medium and B52 bombers take over today.

Demonstrating the pinpoint accuracy required, a Carswell AFB spokesman disclosed the targets are the base on the northeast corner of the Columbus Steel Tank Co. in Kansas City, the center of the railroad turntable in the main marshalling yards at St. Louis and the top of the northwest corner of the General Service Administration warehouse in Atlanta.

Today's heavy bomber schedule called for the first B36 to arrive over Kansas City at 1:47 p. m. (CST), St. Louis at 2:57 p. m. (CST) and Atlanta at 4:46 p. m. (CST). The first B 52 was due over those respective cities at 5:40, 6:11 and 7:20 p.m.

Meanwhile at Pinecastle Air Force Base, Fla., the new rocket powered jet to surface guided missile, Bascall, went into operation officially with the Air Force today.

A B47 jet bomber landed here with one of the 32-foot-long four-foot diameter missiles slung beneath its wings.

The arrival marked formal delivery to the Strategic Air Command of the new weapon, the first air-to-ground missile assigned to a combat wing.

This was the first public showing of the Bell Aircraft Co. GAM-63 Bascall in position, ready for launching.

The Air Force announced earlier this week that the Bascall, capable of carrying an atomic or hydrogen warhead, had scored direct hits in four firing tests within the past five weeks.

The missile was fired long range—from a B47 over a New Mexico test range at a ground target, with a radius of only 1,500 feet.

## Group May Tell Plans to Solve L. R. Situation

LITTLE ROCK (AP)—A statement on the work of a committee of Little Rock business leaders seeking a solution to the integration crisis here was expected today.

Walter C. Guy, printing company executive and chairman of the 24-man committee, announced yesterday he would issue the statement.

Guy and several other committee members conferred with Gov. Orval Faubus Oct. 15 in a closed meeting. Later, Guy said a report that might have "national impact" would be submitted to the full committee, but a scheduled committee meeting was canceled and the report never was made public.

At the time, committee spokesmen said it had been decided that the report was not ready for submission.

A reduced military guard is on duty at Central High School, focal point of the integration dispute.

The Army has six troops of the 101st Airborne Division inside the building and 21 federalized Arkansas National Guardsmen outside on school days.

All nine Negro students enrolled at Central High went to classes yesterday. They arrived and left in private automobiles. There were no incidents.

## Probers Call on Officials of Menen Co.

WASHINGTON (AP)—Senate racketeers called top officials of the Menen Co. today to tell why they hired Nathan W. Shefferman's alleged union busting firm.

Robert F. Kennedy, chief counsel of the special Senate committee, who has described Shefferman as a union buster, told newsmen in advance of the hearing that Michigan's Democratic Gov. G. Mennen, a vice president of the Morristown, N. J., company, and Louis Jackson, who handles the toilet goods company's labor relations problems, Jackson formerly was one of Shefferman's top lieutenants.

Williams, serving his fifth term as governor, is a Menen Co. stockholder and director. He had announced in Lansing, Mich., he would be glad to testify but had no first hand knowledge of what went on. He contended the company hired Shefferman in good faith, after learning that Johnny Dio, who headed a labor union with which it had a contract, was a racketeer.

## Bookkeeper, Boss Meet Unexpectedly

NEW YORK (AP)—A bus line executive met his bookkeeper at Newark, N. J., airport yesterday, with both holding tickets for the same flight to Miami. The chance meeting resulted in the bookkeeper being arrested on a grand larceny charge.

Police gave this account: Sidney Engelhardt, president of Gray Line Bus Tour, Inc., discovered a \$8,000 shortage when his bookkeeper for three years, Raymond Farrell, 33, of Brooklyn, failed to report to work last Monday.

Engelhardt notified police but went ahead with plans for a Florida vacation.

When he met Farrell boarding a plane Engelhardt called airport police.

## Bennett Seeks Information on Mrs. Lorch

LITTLE ROCK (AP)—Atty. Gen. Bruce Bennett today said that he has asked the Senate Internal Security Subcommittee for all information on Mrs. Lee Lorch which "might make her subject to a 1951 Arkansas registration law."

The statute requires that all members of the Communist Party register with the Arkansas State Police.

The subcommittee has said that it is considering a contempt citation for her conduct as a witness before the group in Memphis earlier this week. Instead of answering questions she tried to read a statement which began "I am here under protest."

Bennett said, "Should the Senate Internal Security Subcommittee make available such information that it can be concluded as a legal fact that Mrs. Lorch is or has been a member of the Communist Party, the attorney general will proceed under the Communist Registration Act of 1951 and ask that she be prosecuted thereunder."

Bennett made the statement after Gov. Orval Faubus, in answer to a question, said that any legal proceedings against Mrs. Lorch or her husband on behalf of the state would be the responsibility of the attorney general.

Mrs. Lorch's husband is a white professor at Philander Smith College for Negroes here. She gained prominence during an integration hassle at Little Rock Central High School when she befriended a Negro girl who had attempted to enter the school.

## Getting Soiet Plans Aim of Intelligence

By JOHN M. HIGHTOWER

WASHINGTON (AP)—Getting information on the intentions, plans and secret moves of Russia's rulers stood out today as the No. 1 problem of U. S. intelligence agencies.

Finding out what Russia can do is much easier than determining what she intends to do, the experts agree.

The evidence is that President Eisenhower and his top officials would like to know a great deal more about what goes on in the Kremlin than they do. But the best information they can get is "highly speculative."

That, at least, was the phrase used by Eisenhower yesterday when he was asked at a news conference whether he was satisfied with intelligence estimates he had received on the status of Marshal Georgi Zhukov in Soviet ruling circles. He said some weeks ago that Zhukov's position had appeared to be greatly strengthened.

## UN Compromise Likely to Ease Mid-East Crisis

By TOM HOGE

UNITED NATIONS, N. Y. (AP)—A move grew in the United Nations today to seek some compromise approach to dissipate the tension between Turkey and Syria. Rival resolutions already submitted to the Assembly appeared doomed to failure.

Statements by Russian and Syrian spokesmen abroad meanwhile indicated that the crisis over Russian military aid to Syria and Turkish troop reinforcements along the Turkish-Syrian border was shimmering down. The United States and Turkey have contended all along that Russia whipped up the tension to win the Arabs to the Soviet side.

Many U. N. delegates believe the only plan likely to get Assembly approval would be a watered-down proposal electing Secretary General Dag Hammarskjold as a possible go-between and promising some kind of investigation.

Hammarskjold told reporters he might issue a statement today, depending on the "state of developments."

## Ordinance Copies Mailed by Bennett

LITTLE ROCK (UP)—Atty. Gen. Bruce Bennett yesterday sent copies of his proposed city ordinance to curb the NAACP to attorneys general of 10 Southern states.

Bennett sent the ordinance to newly every incorporated Arkansas city and town several weeks ago. He said at that time it was a "grass roots campaign to bring the activities of the NAACP out in the open."

The proposed ordinance would force certain organizations to make public their membership lists, financial data and other information. Although the ordinance does not specifically mention the NAACP, Bennett admitted it would be of help in revealing the group's activities.

Bennett's office mailed copies of the proposed ordinance to Texas, Tennessee, Louisiana, Mississippi, Alabama, Georgia, Florida, North Carolina, South Carolina and Virginia.

The ordinance would require an organization to file on the request of the mayor or other official the name of the organization; its headquarters or meeting place; its officers or representatives; purpose of the organization; a financial statement listing dues or contributions and total net income.

The ordinance already has been approved by city councils at Little Rock, North Little Rock, Crossett, Dermott, El Dorado, Stephens and Stamps.

The NAACP yesterday filed a suit in U. S. District Court which challenged the approval of the ordinance by the Little Rock city council.

"The NAACP is an underground outfit," said Bennett. "It is my sincere hope that this will run them further underground."

## Arkansan Killed in Plane Crash

HOWELL, N. M., (UP) — A 36-year-old Air Force officer from Guy, Ark., was among 16 men killed Tuesday night in the crash of a KC-97 aerial tanker near Flagstaff, Ariz.

The Air Force listed the man as Lt. Col. Milton D. Poole.

The waters of the Dead Sea in Palestine contain about eight times as much salt as does ocean water.

to see is here. Like a perpetual circus there is always something going on. As Christopher Morley said, this is "the nation's thyroid gland."

Chicago the nation's second city, is notoriously jealous of New York. But a New Yorker doesn't feel that way about Chicago. He just doesn't think of any other city being in the same league. To him, as Bugs Baer so aptly put it, any other place "is Bridgeport."

Although this attitude is maddening to citizens from other cities, the typical New Yorker is actually neither smug nor sophisticated. He is an easy victim for all kinds of con men, and seems to enjoy being chined.

"If there ever was an aviary overstocked with jays," wrote O. Henry, a Texan who made this town his own, "it is that Yaptown-on-the-Hudson called New York."

Those who see the manifold faults of Manhattan and are blind to its many charms might, however, learn the tolerance O. Henry expressed in another of his tales:

"What else can you expect from a town that's shut off from the world by the ocean on one side and New Jersey on the other?"

## 6th Week for Integration

LITTLE ROCK (UP) — Nine Negro students heard the end of their sixth week in integrated Central High in Little Rock today.

They arrived in private cars and went into the building through the 14th Street entrance. They were escorted by military personnel, and no incidents were reported.

Army men continue to patrol the grounds in small groups, and radio-equipped jeeps are stationed at each of the four corners of the campus. Paratroopers continue to stand guard inside the building.

Late last week, the military discontinued conveying the Negroes to school in a station wagon accompanied by a Jeep. Last Friday, the students arrived for the first time in private cars.

Until today, seven of the Negroes went into the building through the 16th Street entrance and two through the 14th Street side. Today all went in on the 14th Street side, unobserved by news-

men. Shortly after 8:30, an Army spokesman said all nine had gone into the building without incident.

An American symbol of classic design, the new Continental Mark III models open a new era in the luxury car field. For the first time since the introduction of this prestige leader of American cars, Continental in 1958 offers a full line of models including a four-door hardtop sedan, a unique retractable top convertible, a regular sedan and a two-door hardtop coupe, all in the traditional and elegant design of past Continentals. A new, high compression engine rated at 375 horsepower at 4800 rpm powers the new Continental which pioneers an all-new integrated body and frame construction in the fine car field.

## Trading Post Shows Lincoln on Friday

The Continental, an American automobile symbol of classic design, opens a new era in the luxury car field in 1958 with an expanded line of four models. They will be introduced at The Trading Post Friday.

For the first time in history, Continental will offer a four-door sedan, a four-door hardtop, a unique soft top convertible as well as the well-known two-door hardtop. All models advance the traditional and elegant design of the Continental Mark II.

Cast in the same classic mold as its predecessors, the Continental Mark III has clean sweeping lines, the same unmistakable roof line, the latticed-type grille, the long, low hood, the distinctive wheel covers and identification nameplates in classic script which reveal the pre-eminence of the Continental.

## Meyer's Bakery Here Reveals New Product

This week, grocers throughout  
Arkansas received their first de-  
livery of Roman Meal Brown 'N  
Serve Rolls, a new bakery treat  
from Meyer's Bakery in Hope.

Roman Meal Brown 'N Serve  
Rolls is the companion to Roman  
Meal Bread, the nation's No. 1  
specialty bread, which is now be-  
ing baked by Meyer's under an  
exclusive franchise, which began  
Oct. 3.

The light brown bread and rolls,  
which contain no artificial color-  
ing, are baked from three grains:  
whole wheat, clear spring wheat

and rye flours to give them a  
high nutritional value.

**Excellent Taste**  
The excellent taste of Roman  
Meal is the leading reason why it  
is an ideal family bread. Its nut-  
like flavor, superior taste and fine  
texture provide unexcelled quali-  
ties for making toast.

Ideal for weight-watchers, Ro-  
man Meal Bread contains as few  
or fewer calories per slice as any  
so-called "diet bread." Nutrition  
and taste have not been sacrificed,  
however, to make Roman Meal  
Bread low in calories while it is as  
low in calories as most any bread,  
it contains shortening, which adds  
to its flavor.

**Discovered by Physician**  
More than 40 years ago, a prac-  
ticing physician in ill-health dis-  
covered the centuries-old diet  
which he used as the basis for  
Roman Meal. In his study of bal-  
anced diets and the significance  
of certain foods, Dr. Robert Jack-  
son came upon the story of the  
Great Roman Legions.

In the conquests of the Roman  
soldiers, they were sustained by  
the simplest diet. Each soldier,  
Dr. Jackson found in history books,  
received as his daily ration: one  
pound of whole wheat and one  
pound of rye. This diet, supple-  
mented by foods found en route,  
maintained the health and excep-  
tional stamina of the Roman cham-  
pions.

**Whole Grains Is Secret**  
Correctly suspecting that the diet  
secret was their intake of whole  
grains, Dr. Jackson set about grind-  
ing and mixing. He was careful  
to retain the natural minerals, pro-  
teins, vitamins and other nutritive  
properties of whole grain wheat  
and rye. He added flax for its  
beneficial effect on the digestive  
system.

**Three Grains Combined**  
Now fully returned to health, Dr.  
Jackson began the preparation of  
Roman Meal which combined the  
whole grains of wheat and rye with  
added flax. When his friends clam-  
ored for samples, he was unable  
to meet the demand and was obli-  
ged to set up commercial manu-  
facturing facilities. Thus Roman  
Meal was born.

Today, more than 40 years later,  
Roman Meal is baked and dis-  
tributed by almost 200 of the na-  
tion's leading bakeries. In Arkan-  
sas, Meyer's Bakery, the only  
home owned independent baking  
company with statewide distribu-  
tion, was chosen to bake Roman  
Meal exclusively. Each loaf and  
roll package is guaranteed to con-  
tain the genuine Roman Meal for-  
mula and it has become the most  
popular specialty bread in Amer-  
ica.

Honoring the Roman soldier of  
old, a picture of the Roman cham-  
pion was accepted as the trade-  
mark of Roman Meal and appears  
on each loaf and package.

## Fishing Conditions Around Arkansas

Little Rock, Ark., is the home of  
the University of Arkansas, Arkan-  
sas Law School, Little Rock Junior  
College, St. John's Seminary, Phil-  
ander Smith College, Arkansas  
Baptist College and the School for  
the Deaf and Blind.

The 181-pound native of Ogden,  
Utah has caught 30 passes for 464  
yards and four touchdowns in six  
games for a slight lead over  
Utah's Stu Vaughan, who has  
caught 26 passes for 363 yards and  
two touchdowns. Fred Dugan of  
Dayton is third with 26 catches,  
309 yards and two touchdowns.

Dave Sherer of Southern Metho-  
dists the country's leading punter  
with an average of 45 yards for  
15 tries. Kirk Wilson of UCLA  
ranks second with a 44.6 average.

**CHICAGO (P) Southpaw Kenny**  
 Lane, after a methodical 10-round  
 victory over Orlando Zulueta, has  
 a new distinction today.

The musketeer, Mich. battler  
 was awarded the No. 1 contend-  
 er's spot in the junior welter-  
 weight division by the Illinois Ath-  
 letic Commission.

This 140-pound class has been  
 dormant since 1935 but Commis-  
 sion Chairman Frank Glimmer  
 says: "We've revived it with the  
 hope of stirring up a world cham-  
 pionship at this weight."

Poxy Doc Kearns, Lane's man-  
 ager, is all for the idea but he  
 will have difficulty convincing the  
 National Boxing Assn., to recog-  
 nize the junior welterweight divi-  
 sion.

Lane won a unanimous decision  
 over Zulueta in the bout at Chi-  
 cago Stadium last night to regis-  
 ter his 16th straight triumph and  
 a total of 49 against five defeats  
 in his career. He weighed 139  
 pounds, three more than his Cu-  
 ban opponent.

There were no knockdowns and  
 it was just a case of Lane wading  
 in and spearing the speedy but  
 ineffective-punching Zulueta. Only  
 998 ringsiders turned out, paying  
 a net gate of \$1,107.

## Camden Holds Edge Over Hope in Current Years

After taking a loss at the hands  
 of the Hot Springs Trojans last  
 week, the Hope Bobcats will jour-  
 ney to Camden to take on the  
 Camden Panthers, who the Bob-  
 cats haven't beaten but once in  
 seven years of play.

That one win came last year  
 when the Cats got a one-sided 41-0  
 score. In 1950, Camden won 21-7.  
 In 1951, the Panthers squeaked by  
 the Bobcats 7-0. In 1952, Camden  
 won again with a 32-7 decision. In  
 1953, '54, and '55, the Panthers  
 won by 58-14, 45-7 and 41-38 scores.  
 Camden has a 3-3-1 record this  
 year. They beat Arkadelphia 36-8  
 Fairview 20-0, and beat Malvern  
 39-0. The Panthers have lost to  
 Conway 34-20, and to North Little  
 Rock 19-13. Pine Bluff another Big  
 8 power defeated them 22-7. Cam-  
 den has one tie, this being with  
 Crossett 7-7.

The Bobcats have a 3-2 record  
 starting with a win over Stamps  
 45-6, and Smackover 19-7. Hope  
 defeated Fairview 25-6, and lost  
 to DeQueen 13-12, and to a power-  
 ful Hot Springs team 32-7.

This will be an important game  
 for both teams. Hope has two con-  
 ference wins under their belt, and  
 Camden has won two and tied one.

## Porkers Have Several Players on Ailing List

DALLAS, Tex. (UP) — The  
 threat posed by Texas A&M's Jar-  
 vis "John" Crow has been some-  
 thing to fear in Southwest Con-  
 ference football circles for two years,  
 but now something new has been  
 added.

Time was when Aggie rivals  
 only had to worry about stopping  
 Crow on the ground. For that was  
 the only place the nation's number  
 two team utilized the 214 pounds  
 of power packed into the Spring-  
 hill, La., senior halfback. Crow  
 produced remarkably well as it  
 was.

But, the scouts from Arkansas  
 face the task of trying to halt the  
 Aggies' 12-game winning streak in  
 this week's feature game, saw a  
 sample of the new Crow in action  
 last week against Baylor.

Crow, a thunderous runner who  
 would rather run a tackler down  
 than try to sidestep him, chewed  
 out yardage on sweeps to the out-  
 side where he capitalized on his  
 amazing ability to "turn the cor-  
 ner" and head downfield while ac-  
 celerating instead of decelerating.

On defense Crow had been play-  
 ing deep in order to conserve en-  
 ergy for offense — and also in-  
 surance against the "home run"  
 play because of his "deadly tack-  
 ling."

Against Baylor, coach Paul  
 (Bear) Bryant took the wraps off  
 the new Crow, letting him throw  
 the running pass on the option  
 plays and moving him up close to  
 work with linebacker Dick Gay on  
 defense. Crow took to both assign-  
 ments with glee.

The repeated contact as a line-  
 backer was just to his liking. He  
 joked Baylor ball-carriers time  
 after time, messing up plays and  
 causing fumbles. And, as a passer,  
 he hit three out of five attempts  
 for 31 yards.

**New Plymouth Sport Suburban**

Plymouth's new Sport Suburban station wagon for 1958 goes even more modern with an upswept Silver Dart two-tone treatment that heightens interest in the popular rear fins. Also new for 1958 are the dual headlights, standard equipment on all Plymouth cars, and a dressed up lower grille section which matches the horizontal lines of the upper grille. The distinctive rear-facing third seat which Plymouth introduced in 1957 is again available with Sport Suburban station wagons for 1958. The new Plymouths, with six engine options and 19 separate body styles and models, will be introduced in dealer showrooms throughout the country on November 1.

She was clad only in a light T-shirt and panties. She apparently had stumbled into a creek and removed her wet jeans. Several hundred men, with bloodhounds and assisted by the Civil Air Patrol had searched the area.

**LITTLE ROCK (UP)** — Federal agents report they seized 13 stills and arrested 10 persons in Arkansas last month. Seized was 178 gallons of untaxed whiskey and 5,353 gallons of mash. Ten stills were seized in August, and 16 persons arrested.

**LITTLE ROCK (UP)** — Arkansas farmers have borrowed more than 2 million dollars in the first three years of the Farmers' Home Administration soil and water conservation loan program, the Agriculture Department said yesterday.

**New Plymouth to Show Here Friday**

Two 1958 Plymouth cars logged mileage equal to nearly seven years of normal driving under almost all types of climate and road conditions to prove the durability and stamina of the new cars Plymouth dealers introduce to the public Nov. 1.

The test car travelled 58,000 miles — equal to two and a third times around the world — in 58 days on the unprecedented coast-to-coast endurance run.

The cars faced high mountains, deserts, gutted detours, crowded city streets and all kinds of highways. Downpours, high wind and temperatures ranging from 120 degrees to freezing were encountered along the way. Yet the new Plymouths recorded a fuel economy mark of more than 16 miles per gallon of gasoline for the entire distance.

There are 24 million owners of bicycles in the U. S.

**ARKANSAS MAN KILLED**

**MORTGAGEVILLE, Mo. (A)** — Earl Roeder, 50, a Piggott, Ark., variety store operator, was injured fatally in the collision of his car and a light truck near here yesterday. Roeder was president of the Piggott School Board. Survivors include his widow, a daughter and three sons.

## Performers Now Have to Be Comedians

By CHARLES MERCER

NEW YORK (AP)—Many of the popular singers who are presenting their own television shows must have awakened to a disturbing fact by this time. They are no longer judged only as singers and performers, as hosts and hostesses; they're also being judged on the basis of their alleged comedy scripts.

It's an unfortunate state of affairs in this season of "variety" programs—unfortunate for the public as well as the stars.

There was a time when a singer simply sang, when a host hosted and a hostess hostessed. But not any more. Now they're asked to get hearty laughs as comedians and comedians too. Possibly they could do it if their writers handed them the material—which, by and large, they haven't thus far.

In the past week, for example, three superb singers and performers launched a new season of TV programs. As singers and performers all were excellent. But two, and to a lesser degree the third, were badly let down by their writers.

Dinah Shore returned to a new season on NBC-TV happy to report. She has the same sparkle and winsomeness that always mark her performances.

Her guests were well-chosen too. Nanette Fabray, Danny Thomas, Tab Hunter, Dean Jones, Thomas wisely always brings his own material with him.

Caught in a similar predicament was that fine singer and actor, Frank Sinatra, who has started his own program on ABC-TV Fridays 9 p.m. (EDT). Nothing could have been finer than Sinatra singing such songs as "The Lady is a Tramp."

His principal guests seemed wisely chosen too: Bob Hope and Kim Novak. But all three were entangled in a long and humorless sketch that involved Miss Novak being chased around the world by Sinatra and Hope.

The third singer who made her debut with a regular TV program was Patrice Munsel ABC-TV, Fridays, 8:30 p.m. (EDT). It was a delightful show. Relatively, she was the most successful of the three.

Why? From this corner be-

## GI Convicted in Korean's Death

SEOUL (AP)—U. S. Army Specialist C. Raymond L. Bailey of Brownsburg, Ind., today was convicted of negligently shooting and killing a 15-year-old Korean school boy and sentenced to nine months at hard labor.

An Army general court-martial also ordered a bad conduct discharge for Bailey, who was guarding a military train at the time of the shooting Oct. 3.

The sentence is subject to review by higher military authorities.

Bailey's fatal wounding of schoolboy Song Jon Won was one of several shootings of Koreans by American GI guards which this month aroused Korean anger.

An eight-man court convicted the soldier on a charge of negligent homicide.

He was acquitted on the more serious charge of involuntary manslaughter.

Two companions of the dead Korean testified they had come no closer than five yards to the freight cars Bailey was guarding. Two other Korean witnesses said they heard no warning shouts from the soldier.

## Man Confesses to Two Bank Burglaries

LITTLE ROCK (AP)—A 30-year-old St. Louis man was convicted yesterday of burglarizing one Arkansas bank. Then he pleaded guilty to breaking into two other banks.

George Freeman Jr., a Negro, will be sentenced Friday. Federal Judge Roy W. Harper of St. Louis, who found Freeman guilty, said he delayed sentencing in order to study the federal bank robbery statute for technicalities.

Freeman was found guilty on an indictment charging he and Edward Oliver broke into the Bank of Holly Grove April 19 and stole \$49. Oliver is in state custody.

Police said \$6,110 was found in Freeman's room at St. Louis after his arrest in that city May 6. The indictment did not refer to that sum.

After Judge Harper found Freeman guilty in the Holly Grove case, the defendant changed his plea from innocent to guilty on

cause she did not strive as hard for comedy as the others. In the few minutes when her script did take a stab at humor, great guffaws did not issue from the nation's living rooms.

## Frogman in Italy Saves Wine Crop

RIVA DEL GARDA, Italy (AP)—The residents of this Alpine resort today toasted a frogman who went diving in a vat of wine.

Thanks to his prowess the juice of the local grape won't run in the streets.

Riva del Garda boasts a co-operative wine cellar housing 20 huge vats of 12,000 gallons capacity each. The farmers now are bringing in their new wine, which is piped down into the underground vats.

Yesterday a worker went below to the corridor adjoining the vats to inspect things. He found the passageway three feet deep in new wine. He started looking around to see where it came from. Then he collapsed, overcome by the fumes from the still fermenting liquid.

Minutes later a second workman entered the corridor to find the first man. The fumes got him too.

Other workmen sized up the situation quickly and rescued their befuddled comrades. But the wine continued to rise in the corridor.

Somebody thought of the frogman. The town is located on Lake Garda, in the Italian Alps, and has several experienced divers.

Tullio Costantini, 33, put on his breathing apparatus and waded through the hoody flood. He located the overflowing vat but couldn't see what was wrong. So he climbed to the rim and dived into the 12-foot-deep tank.

Searching around, he found dirt had clogged the valve which channeled excess wine into another vat. He cleaned the valve and stopped the flood.

The overflow was drained away and fans were brought in to blow the gases out.

Riva del Garda's 1957 vintage will only be 40,000 gallons less than anticipated.

charges of burglarizing the Bank of Weiner April 5 and the DuValis Bluff branch of Planters Bank & Trust Co. at Forrest City April 13. Indictments stated the loot in those break-ins totaled more than \$3,200.

## FIRST SHOWING

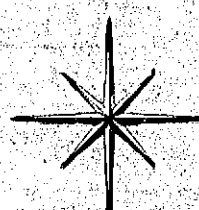

of the most magnificent motorcars of our time  
... setting new standards of classic elegance

The Lincoln Premier Coupé

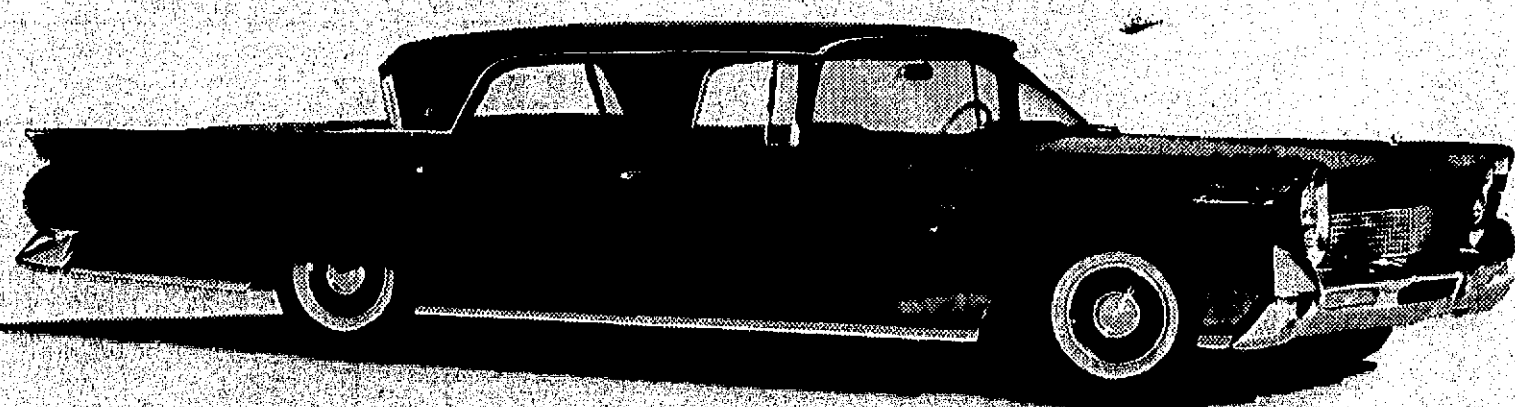

## THE NEW LINCOLN FOR 1958

... now styled and crafted in the Continental tradition

You are invited to see the most magnificent Lincolns ever built—inspired by the new Continental Mark III, and crafted in the tradition of every Continental ever built. Longer, lower, and more spacious than any Lincolns before them, these cars have the clean, timeless character of the Continental in every classic line. Inside,

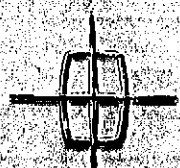

there is an elegance not found in any other motorcar. The engine is new, the transmission is new, the suspension is new. And for an extra measure of lasting quietness, they are the only cars in their class with single unit body and frame construction. By all means, see these new Lincolns.

The Continental Mark III Landau. Continental prices are now within the reach of every fine car buyer.

## THE NEW CONTINENTAL MARK III

... classic elegance in its finest form

Here—in four incomparable new models—is the greatest Continental of them all. As you would expect, the new Mark III has advanced new features: a retractable rear window, for example, in all models including the convertible. It has uncommon luxury: exemplified by leathers imported from Bridge of Weir, Scotland. And in the

Continental tradition, the engine is so smooth you can balance a coin on the hood. And because this car is built in the newest, most modern automobile plant in the world, with the highest standards of craftsmanship, the Continental Mark III is now priced just slightly above the five car field. You're invited to inspect the new Continental Mark III.
